Page: 4 of 4

Issue Date: Mar 28, 2020 Account Number: 418106938770

Important information

Late payment charge

The late payment charge for consumer and Individual Responsibility User (IRU) bills not paid in full by the payment due date is \$5.75.

Electronic check conversion

Paying by check authorizes AT&T to use the information from your check to make a one-time electronic fund transfer from your account. Funds may be withdrawn from your account as soon as your payment is received. If we cannot process the transaction electronically, you authorize AT&T to present an image copy of your check for payment. Your original check will be destroyed once processed. If your check is returned unpaid you agree to pay such fees as identified in the terms and conditions of your agreement, up to \$30. Returned checks may be presented electronically.

Surcharges and other fees

AT&T imposes additional charges on a per line basis, including federal and state universal service charges, an Administrative Fee (to defray certain expenses including charges AT&T or its agents pay to interconnect with other carriers to deliver calls from AT&T customers to their customers, and charges associated with cell site rents and maintenance), and a Regulatory Cost Recovery Charge (to recover costs of compliance with certain government imposed regulatory requirements, including Wireless Number Portability and Number Pooling, and E911). These fees are not taxes or charges that the government requires AT&T to collect from its customers. See att.com/mobilityfees for details.

AT&T Mobility Center for customers with disabilities

Questions on accessibility by persons with disabilities: 866.241.6568.

Written correspondence

Do not send notes/letters with payment. We cannot guarantee receipt. Send notes/letters to AT&T, P.O. Box 5074, Carol Stream, Illinois 60197-5074 or FAX 314.242.0792.

Wireless DirectBill charges

Detail of DirectBill charges can be viewed at att.com/db. The direct billing option offers you the ability to purchase content, goods and features such as apps, games, donations, and services from AT&T and other companies by applying charges to your wireless account.

911 calling with TTY and Real-Time Text

Due to technical limitations, Wi-Fi Calling and NumberSync cannot be used with TTY devices and cannot support 911 calls over TTY devices. Persons with communications disabilities can use Real-Time Text (www.att.com/RTT) as an alternative to TTY. 911 services can be reached by either: (1) calling 911 using Real-Time Text or (2) calling 911 directly using a TTY over the cellular network or from a landline telephone, or (3) sending a text message to 911 directly (in areas where text-to-911 is available) from a wireless device, or (4) using relay services to place a TTY or captioned telephone service (CTS) call from a wireless phone over the cellular network or from a landline telephone, or (5) using relay services to place a IP Relay or IP CTS call over a cellular data or other IP network.
